Well, it's the SCA name I have used for years... I must confess I got the idea from misreading my 10 speed bike shifters back in high school. Shimano. Shamino. Ah, well.

That's great. You are one of the few idols I have that haven't disappointed. (Do you know Trent Reznor) Also, as someone who nearly lived in Ultima 7 for two years, thank you. It was such a positive and stabilizing experience.

That's funny, I got my "name" my misremembering the name "Selganor" that was on screens in the back of U5's box.
